When it comes to building my business how does offering this gift help me?

1. In today's world getting someone to take a few minutes to watch your video can be sometimes very difficult.
2. Most people do not have a way to know if someone actually watched their video
3. If they did watch your video, most people do not have a way to know who is interested
4. If you were to do any type of marketing (offline or online) offering a \$50 Rewards Cash gift card for watching a video will attract more people than just saying watch my video

The mlmrod system basically makes this process easier by making it more attractive to watch your video and lets you know if they are interested or not, which will save you a lot of time because you would know who to followup with.
